Status of the Claims

The response after Final with request for reconsideration filed 19 February 2004 has been received and entered. Claims 1 and 11-12 have been presented for examination.

Claim Rejections - 35 USC § 112

The rejection under 112, first paragraph is withdrawn in view of the arguments presented in the Request. However, it is noted that not all studies of administration of protein C concentrate have been successful in raising the APC levels to therapeutic ranges in disease states (see Faust et al., 2001). Nevertheless, the success rate is sufficiently high, as indicated by the cited references, to provide a reasonable likelihood of success.

Conclusion

Claims 1 and 11-12 are allowed.
